My apologies for not getting back to you. I am out sick. This disease has overwhelmed (physically and mentally) me for a long time. I am starting 12 weeks Family Medical Leave then retiring.

Our Mayor is fully aware of my situation. I simply can't do it any more. My replacement has not been named to my knowledge. It would be greatly appreciated if you would give my successor any help you can and adequate training opportunities. I don't feel my knowledge technically was adequate from the start. I just couldn't grasp the requirements of the program.

I had quite a few duties and have told the Mayor that I feel the Building Inspector should not have the Stormwater Director duties. I think it is better suited for the Public Works Department.

So essentially I am done. I need to concentrate on my health. I sincerely appreciate your understanding. Please contact the Mayor to offer any assistance your office can provide.

Morning Billy,

I left you a voice mail last Wednesday (01.21.2015). As my voice mail stated, I basically wanted to see what I could do to assist you with the MS4 program in Martin.

I can't help you if we don't communicate.

Best regards,

James W. Scott
